

CLEAN MOTION

SVOP AB in Trollhättan becomes a manufacturing partner for EVIG

Clean Motion has signed an agreement with SVOP AB in Trollhättan, Sweden, as a manufacturing partner for the solar-powered last-mile vehicle EVIG. Thanks to the partnership, the production capacity can be scaled up faster while flexibility increases.

Göran Folkesson, CEO of Clean Motion, says: "Thanks to the partnership with SVOP, we have gained a reliable manufacturing partner with the expertise and resources required to start production in the best possible way. Material procurement for production start is in full swing parallel with the work for European type approval. There are still steps left in the type approval process, but we expect all tests to be completed by April. Start of production will begin in parallel during March."

David Wahlgren, CEO of SVOP, says: "We at SVOP are proud to be part of this exciting project and look forward to showing the world what we can do together with Clean Motion. EVIG is truly a vehicle for the future."
